KUHUSU MSANII

Msanii mwenyewe, Kivuli cha Don Killuminati II (Oluwagbemileke Afariogun), hutoa uhamasisho wake kutoka kwa mchanganyiko wa teknolojia na sanaa ya zamani ya Misri.

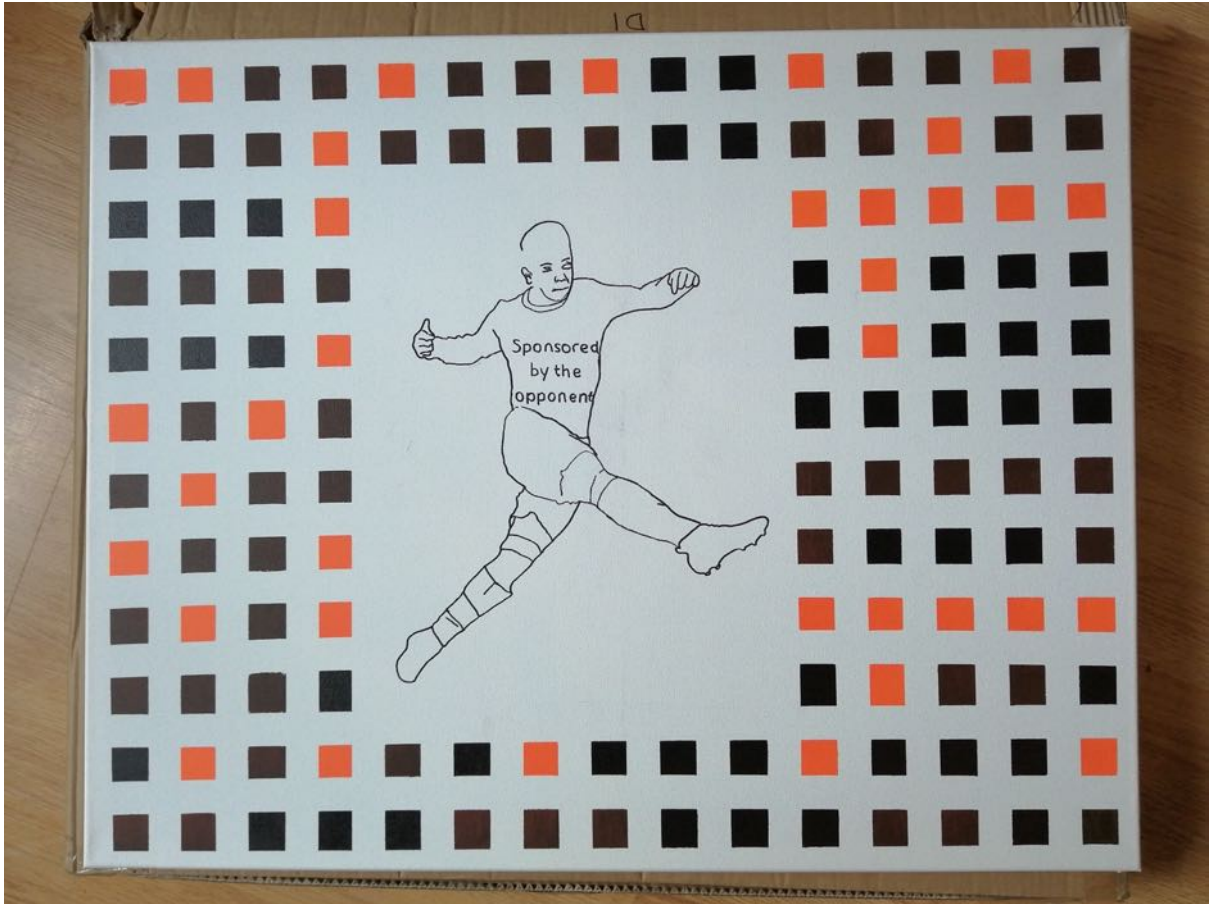

Anajumuisha utumiaji wazi wa maumbo na mistari katika sanaa ya zamani ya Misri na sifa za enzi ya teknolojia. Ili kuwapa sanaa yake hisia za kisasa. Sanaa zake ni Kufikiria kwa kutumia rangi tatu tu, mistari wazi, mikunjo, barua na masanduku kuonyesha hadithi. Je! Unaweza kuona sanaa ya pikseli iliyofichwa?

Albamu hiyo imetolewa kwa rafiki wa karibu R-cube
